## DATA AVAILABILITY

Find out what data are in the profiles using the following links:

[By Data Items A-Z](#)

[By Topic](#)

[By State/Territory](#)

The profiles contain a standard set of data for every region in Australia, presented as web pages and an Excel spreadsheet.

Some additional data has been provided for some states/territories, and where this additional data is available it is in the Excel spreadsheets for that state/territory.

For further information about what is in the web pages, Excel spreadsheets, and the data cubes, see [Frequently Asked Questions](#).
